package

delivery

— Divisions

— Services Support

quality warranty

titanium coating thickness 0.06um, the highest standards, uniform and durable color, warranty for 30 years

professional team

metal materials optimization, material saving processing method, deepen drawings confirm;

7*12 hours service

real-time quotes; free samples; after-sales service;

— Advantages

one stop service

Pre-sales technical support, material optimization, surface treatment, sheet metal processing, welding production, assembly and installation, after-sales service as one of the comprehensive one-stop service enterprise, to provide customers with a complete set of service support save worry, time and effort

— 5+ Strategic cooperation factory investment

Stainless Steel Main Factory

15,000 sqms factory in Tianjin for metal surface finish and fabrication

Aluminum Profiles Factory

25,000 sqms factory in Foshan for aluminum profiles

Aluminum Products Factory

36,000 sqms factory in Guangzhou for aluminium product

SS Chemical & Antique Factory

etching, chemical, antique, emboss, different factory specialize in different process
